

PUBLIC LEDGER

FIFTH YEAR.

MAYSVILLE, KY., TUESDAY, JANUARY 28, 1896.

ONE CENT.

purely Business!

For a volume of a newspaper represents a cash value. No publisher can afford to give advertising "notions" from his paper. He can't afford to cover over his counter free gifts of dry goods, etc., to customers, and yet do legitimate business concerns. Its cost would be enormous. It would be a waste of time and effort to advertise them. It would be paid for, and manner in what part of the paper they appear.

The Continued Call

upon The Ledger for free notices have become so burdensome that we are compelled to publish the following terms:

Notices of Nuptials,

exercising, fair, or other public entertainments, etc., will be charged one dollar for ordinary notices, resolutions of societies, etc. The same will be charged five cents for lists and half this will be the taxable rate. This, however, will not affect the above.

Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.

Misunderstandings are unpleasant. The rule for *Business Leads* in The Ledger is that the first insertion costs \$10 and a second \$5. A third insertion costs \$10 and a fourth \$5. "I'll tell you when to take it off," he says, "but you'll have to pay me \$10." When he finds it out there is a "kick" in him. You are not to be put off by an icy feeling. Now, to alleviate this trouble, no "Off Hand" insertion will be accepted. All insertion must have a definite agreement at the outset. The insertion will be published when the insertion will be pleased and all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have favorite visiting you, or if you are going away on a visit, please drop us a line at that effect.

A MATTER OF BUSINESS.

"Working" is a simple term—by common sense definition—"get there"—"shake a leg"—in language unrefined.

We're working something all the time no matter what we do.

But when you're fellow, for—he may be working you.

Now, you of course, would not abuse the figure of a man.

But when you see a dollar you will seize it if you can.

You would not work a friend—no; for friends are always few;

But when you see a warmest friend—he may be working you.

You may have a friend in business who will sell you goods at cost.

He does so just to please you, and no matter what he's doing.

He may be a friend and thanks you, just as other people do;

But never for a moment—would—think of working you.

Colonel Lewis D. Sampson, the well-known versatile cleric formerly of The Kentucky Post, has assumed charge of The Commercial Gazette for Covington and Newport and suburbs.

The Knights of Pythias, Sons of Temperance and Oddfellows will, in the aggregate, lose over 100,000 members by the declarations of the Pope, who says the ban is absolute and beyond discussion.

Today's bank account runs short, but I say it back to-morrow with profounded thanks—and then

You may have the compliment and multiply it by two.

You thought that you were working him—while he was working you.

The moral of the thing is this—we've all ax to grid.

When your turn comes 'round, you may be left behind.

Just take your chances at the wheel, as all of us used to.

WE'RE FOR AMERICA & AMERICANS!

This way we captured the cheese market of the world last year is represented by a decrease of 35,865,000 pounds in our shipments compared with 1894, and a money loss of \$3,134,000.

In 1895 we sold almost 6,000,000 bushels less wheat and 1,500,000 barrels less flour to foreign countries in 1894. The money loss exceeded \$10,000,000, notwithstanding the fact that the average price of wheat was about 9 cents a bushel higher last year than in 1894.

In the three years—1891-4—under Protection the value of woolen and worsted goods manufactured in England and sold to clothe the people of the United States amounted only to an average of \$2,500,000. For the single year of 1895, under Democratic Free-trade, it reached \$3,445,983.

The Democratic New York Sun has had enough of "Tariff Reform." It says the remedy is to undo the thing that created the difficulty. The proper policy now is to build up a Tariff for revenue in place of that freak of political inconsistency and financial inanity known as the Wilson Tariff.

A JUDGMENT has been entered at Philadelphia against the Pullman Palace Car Company and in favor of the Central Transportation Company for \$4,225,000. If the Pullman folks are compelled to pay this four millions and upwards, it may be necessary for them to borrow part of it from their Porters.

THE FREE-traders are getting in their ruinous work on the big concerns that they left over from the crash of 1893 and 1894. Two failures in New York, each for half a million dollars, and one in Chicago for \$300,000, all on the same day, form a pretty good record for the Democratic party as the results of that "Tariff for revenue only."

AN UNFAVORABLE report was made to the House on the bill to reduce the salaries of state officers, and the bill was rejected. Boys, this isn't in line with what you promised the taxpayers when you wanted their votes. You ought to be as good as your word, or people will set you down as no better than the Democratic ring that has been rolling at Frankfort.

ON January 1st, 1892, the market price of wheat was \$1.65 per bushel. Granulated sugar was then worth 4 cents a pound. A bushel of wheat bought nearly 26 pounds of sugar. On January 1st, 1895, wheat was worth 60 cents and sugar 5 cents, a bushel of wheat buying less than 14 pounds of sugar. Under McKinley Protection the farmer's bushel of wheat bought over 12 pounds more sugar than it did this year under our Democratic Free-trade Tariff.

THE BUREAU OF STATISTICS of the Treasury Department enables us to show how we have been capturing the markets of the world. Here are our exports of American products and manufactures for six years, 1890 to 1895.

EXPORT OF AMERICAN PRODUCTS.
Value.

1890, \$1,000,000,000
1891, 900,000,000
1892, 900,000,000
1893, 900,000,000
1894, 900,000,000
Protection average, 900,000,000
1895, 800,000,000
Free-trade average, 800,000,000

During the four years of McKinley Protection we captured foreign markets worth, on an average, \$900,000,000 a year. During the two Democratic years our captures were worth only \$800,000,000 a year. The breach in the wall of Protection cost us \$100,000,000 in each year of 1894 and 1895. The sooner the wall is repaired the less costly it will be to us.

GARBAGE.

Its Disposal a Most Important Question to Every Large City—Curiosities of the Dumps—The Thousand and One Things That Go to Make Up Garbage.

If the street cleaning and garbage collection department of any large city was to stop work for week, disease and pestilence of the most malignant type would result. To a person who has never seen them, the garbage "dumps" of New York are a most interesting and instructive sight. Day after day, month in and month out, with the regularity of clock-work, carts loaded with all manner of refuse drive up, and their contents are shot or dumped into the already huge piles of filth and refuse waiting to be loaded again and sent away to the house of representatives of South Carolina.

In our bodies are the lungs, heart, stomach, bowels, brain, liver, nerves, spleen, kidneys, bones, muscles, tendons, glands ducts, skin, bladder, mucous membrane, hair, teeth, nails, tongue, eyes, etc.

All these organs and tissues are inhabitants of our body. All must be fed and nourished. Each takes something different from the blood to feed upon, and excretes out different garbage, waste and refuse into the streets of the body—the blood vessels.

Like Venice, the streets of the body are waterways, and instead of sweep them we must purify them by filtration.

Every one of these inhabitants of our body, on the health of our whole body, depends, must eat, must use their resulting filth, as well as waste products pre-digested by the wear and tear of their regular work.

Our blood, then, contains not only the food for our organs and tissue, but their garbage. But this is not all. The stomach in digesting the food we eat and getting it ready to nourish these organs and tissues leaves behind poisons and impurities that also foul the blood.

How does the body cleanse itself?

At the dumps. There are scavengers in our body as well as in our city. Every particle of waste, poison and refuse is quickly picked up and swept along by the rapidly moving blood and is carried to the "dumps," where it is cast out.

The kidneys are the "dumps" of the human body. On one side Ernest and Jess Jones on one side and the three Jackson boys on the other, in which Jess Jones, Ernest, and the three Jackson boys were at the dump and Lige Jackson was hit in the eye breaking his spectacles and injuring his eyes. Ernest Jones was arrested at Monday and other warrants have been issued.

Burnside, Indiana.

Lexington, Ky., Jan. 28.—Bishop T. Dudley, of Covington, has sent a telegram to the Jones schoolhouse, a fight occurred between Ernest and Jess Jones on one side and the three Jackson boys on the other, in which Jess Jones, Ernest, and the three Jackson boys were at the dump and Lige Jackson was hit in the eye breaking his spectacles and injuring his eyes. Ernest Jones was arrested at Monday and other warrants have been issued.

Hospital, Indiana.

Lawrenceburg, Ky., Jan. 28.—Lillard & Bond, of this place, have sold through Critt Davis, the noted driver, their fast racing mare, Ollie K. to J. R. Fisher, of Boston, Mass., the owner of the famous horse, "Clydesdale," at \$1,200. Fisher paid the bill and last fall Bishop Dudley new contracts and ordered the work resumed. The structure will be of stone and cost \$10,000.

Hospital, Indiana.

Lexington, Ky., Jan. 28.—Auditor Stone sent to the Senate Monday a statement of the present condition of the state and the probable deficit for June 30, 1896. The deficit by January 31, 1896, exclusive of bonds, is estimated at \$1,230,684.57. The deficit by June 30, 1896, is estimated at \$873,000.

Shops, Young Men.

Lancaster, Ky., Jan. 28.—Messrs. Burnside and Walker Brothers, two prominent farmers of this county, recently Sunday that a number of their sheep, hydroponic and attained stock were persons in the fields. Several mad dogs were killed in this locality recently, and it is supposed that they bit the sheep.

FATAL FIRE.

Two Little Children Burned to Death at Pittsburgh.

The Mother Fatally Injured by Jumping from the Window.

Because of Trouble With Her Husband a New York Woman Fades to Her Children—She and They Died.

Murder and Robbery at Yonkers.

PITTSBURGH, Jan. 28.—Mary, aged 6 years, daughter of Mr. and Mrs. John Steele, 101½ South Sixteenth street, this city, were burned to death, and Mrs. Steele sustained probably fatal injuries in jumping from the second story window of their home about 9 o'clock Monday night. Two other children escaped harm by their mother lowering them in a sheet from a window into the hands of those below.

Mrs. Steele was at work. Mrs. Steele, aged four, and her son, aged six from six months to seven years, were in the second-story front bedroom. The children were playing when the lamp was accidentally upset and exploded. The monetary loss is \$1,000.

NEW YORK, Jan. 28.—Mrs. Ida Work, 40 years old, living No. 407 North street, Brooklyn, Monday afternoon gave her two boys, Otto and William, aged eight and ten, respectively, and thus swallowed some of the poison herself.

All three were taken to St. Catherine's hospital.

The mother died shortly after her arrival and the two children are in a critical condition.

Before she became unconscious the mother said that she had taken the poison because of trouble with her husband.

YONKERS, N. Y., Jan. 28.—A daring robbery, followed by a murder, occurred in this place Monday night. The victim was Mrs. Edmund Tucker, who resided in a small house near Riverdale. Mr. Tucker was found in his home shortly after seven o'clock Monday night and found his five-year-old boy in the back room. The child informed him that he was wearing a bandana and had entered the house about dusk and struck and choked his mother. Mr. Tucker immediately began a search and found the body of Mrs. Tucker, who was shortly to be delivered of a child, in the sitting room. She had been choked to death, as several finger marks were plainly visible upon her throat. There were several bruises on her breast and body.

Mr. Tucker, extremely enraged, and kicked the child. The child has an injury on the right temple. After the finding of the body a search of the house was made and it was found that considerable jewelry and cash had been stolen. The general opinion is that the Mrs. Tucker discovered the burglar in the sitting room and when she made an outcry he killed her.

IN THE HOUSE.

The Arrested Consensus: Resolution, After a Four Hours' Discussion, Passed. WASHINGTON, Jan. 28.—The house, Monday, discussed for four hours and passed by a vote of 142 to 136 a joint committee resolution, declaring it to be an imperative duty in the interest of humanity to express the earnest hope that the European congress brought about by the Berlin treaty may be speedily followed by the prompt adoption of such measures as shall stay the hand of fanaticism and lawless violence and shall contribute to the unoffending Christians of the Turkoman tribes and the rights belonging to them as men and Christians and as beneficaries of the explicit provisions of that treaty; requesting the president to communicate the results of the discussion to the secretary of state, and directing that congress will support the president in the most vigorous action he may take for the protection and security of American citizens in Turkey and to appropriate for injuries committed upon the persons and property of such citizens.

Mr. Quigley, (rep., N. Y.), at whose request the resolution was taken up, opened the debate and moved its adoption, as did also Messrs. McCreary (dem., Ky.); Hitt (rep., Ill.); Morse (rep., Mass.); Smith (rep., Mich.); Mahany (rep., N. Y.); Brunn (rep., Pa.); Sperry (rep., Ct.) and Howe (rep., N. Y.).

Various amendments were offered to it on the ground that it did not go far enough—by Mr. Hepburn (rep., Ill.) calling for the dismissal of the Turkish ambassador, and by the severance of diplomatic relations with Turkey, but they were all rejected. Messrs. Turner (dem., Ga.), Groves (rep., O.), Walsh (dem., N. Y.), Adams (rep., Pa.), Johnson (rep., Cal.) and Holt (rep., Tex.) argued against the resolution.

The diplomatic and consular approbation for the coming fiscal year was reported. A bill was passed to permit the removal of surplus property from Minnesota.

The house at 4:35 o'clock adjourned until Tuesday.

Accidental shot has lover.

LYONS, Neb., Jan. 28.—James Williams, a young farmer, is dead, the result of a pistol shot directed last Friday at his foot. Patsy, his sweetheart, whom he was soon to wed. The two were playing with the weapon, and the shooting was purely accidental. The young woman is nearly distraught over the distressing affair.

Highwaymen Die From His Wounds. ST. LOUIS, Jan. 28.—John Schmidt, one of the two highwaymen who were robbed and killed by Bertie Hayes of Chicago, at Webster Grove, St. Louis county, last Thursday night, died Monday evening at his home in Webster Grove. The two robbers, each of a pistol shot received while engaged in the hold-up and murder, were engaged

CONDOLENCES

Sent to Mrs. Runyon by the Emperor and the Imperial Household Services.

BERLIN, Jan. 28.—The emperor and empress have sent their condolences to Mrs. Runyon.

The room in which the body of the ambassador lies contains a large number of tributes sent by friends. All the services in the American colony have been postponed. The Rev. Mr. Dickie will officiate at the services that will be held in the Runyon residence at 10 o'clock on Saturday morning. The family will be present. At the services which will be held at the Episcopal church on Thursday Rev. Mr. Dickie and Rev. Mr. Fry will officiate.

THEODORE F. RUNYON.

Mrs. Runyon is prostrated with grief and continues to sit alone in the room where the body of her husband lies.

Mr. Runyon seemed to have a presentiment that he would die suddenly. On Saturday he had a somewhat lengthened interview with Mr. H. C. Kardis, the first secretary of the embassy, and told him that his private affairs had been arranged against his death.

WASHINGTON, Jan. 28.—It is said that a formal request has been made by Mrs. Runyon for a vessel to convey the remains of her deceased husband to America. Should such a request be made and granted, considerable time must elapse before it can be carried out. The three United States vessels attached to the European station are all in Turkish waters, and would be unable to make the voyage. The American port for the reception of the remains of the ambassador's remains. One of the vessels of Admiral Hulme's squadron, now at Fort Monroe, Va., might be assigned to the duty, but this also would cause great delay.

PRESIDENT PRO TEM.

The Republican Senators Will Nominate President Pro Tem. WASHINGTON, Jan. 28.—It is the intention of the republicans to nominate Senator of Wednesdays to place Senator Prentiss in nomination for the position, proposed to his election. It is understood that the popular will decline in line with their policy when the committee were reorganized will decline to vote and the popularity sufficient to allow Senator Frye. The democrats have notified all their members to be present and will move to nominate Senator Harris, of Tennessee, for Mr. Frye. There is every reason to believe that the republicans will be successful.

FOR THE Protection of the Poor.

WASHINGTON, Jan. 28.—In response to the speech delivered in Birmingham Saturday evening by Right Hon. John Chamberlain, secretary of state for colonies, inviting the United States to consider the English proposal to strengthen the port of Lord Salisbury has asked President Cleveland to join in a note to the powers protesting against the treachery of the port of Constantinople to the United action by the English government to the people of Armenia and has also suggested that the United States join in a damnation of the English and American fleet in Turkish waters.

How the Framers Shall Be Paid.

WASHINGTON, Jan. 28.—Some uncertainty having developed in the public mind as to what should be paid, it was stated at the treasury Monday that the premium would be paid in the same proportion as the bonds were sold. The premium is to be paid in full, and will be paid to Senate Senator Frye. The democrats have notified all their members to be present and will move to nominate Senator Harris, of Tennessee, for Mr. Frye. There is every reason to believe that the republicans will be successful.

King Meets His Terms of Peace.

ROUSE, Jan. 28.—The government has received information that King Menelek has addressed a letter to a Mr. Hepburn (rep., Ill.) calling for the dismissal of the Turkish ambassador, and the severance of diplomatic relations with Turkey, but they were all rejected. Messrs. Turner (dem., Ga.), Groves (rep., O.), Walsh (dem., N. Y.), Adams (rep., Pa.), Johnson (rep., Cal.) and Holt (rep., Tex.) argued against the resolution.

The diplomatic and consular approbation for the coming fiscal year was reported. A bill was passed to permit the removal of surplus property from Minnesota.

The house at 4:35 o'clock adjourned until Tuesday.

Affidavit Executed.

QUINCY, Jan. 28.—The by-election in Charlevoix county Monday for the house of commons resulted in the election of Chas. Aryens, liberal candidate, by a wide majority. The constituency was divided by the government in the last election by 350 votes.

For Seal Fishing of Alaska.

WASHINGON, Jan. 28.—Secretary Carlisle sent to the house Monday in response to a resolution, the report of Prof. Elliott of the Smithsonian Institution, on the constitution of the fur seal of Alaska.

The St. Paul Seal Agreed.

ST. LOUIS, Jan. 28.—John Schmidt, one of the two highwaymen who were robbed and killed by Bertie Hayes of Chicago, at Webster Grove, St. Louis county, last Thursday night, died Monday evening at his home in Webster Grove. The two robbers, each of a pistol shot received while engaged in the hold-up and murder, were engaged

BUCKS CAUGHT IN DRIFT NETS.
A Method Which is Bound to Result in a Large Catch.

Large numbers of ducks are captured by this method, and are sold in great market every day by fishermen. The impression has always prevailed that the birds were trapped, and so they are, says the San Francisco Chronicle, but not in the fashion that one might suppose. They are taken by chance in drift nets, set in the bay while the fishermen are busily engaged in the fishing industry.

Anyone who has visited the fisherman's wharf could not but take an interest in the gear spread out to dry. The most peculiar looking gear in what may be called the drift net is the "drift net" itself. It consists of three sets, the largest having meshes about eight inches in diameter, and the smallest two or three inches. The nets are placed in the water, and happen to catch either the small fish drifting in front, or small fish in ploughing about in the small mesh of the big net, and become securely entangled in the pockets thus formed. Ducks are often caught in the same fashion. Drift nets, however, are not used in shallow water, and as they dive for food they become entangled in the smaller net and are held secure until taken out by the owner of the net.

This way hundreds of ducks are bagged and sold in the market every day. The most popular place for this is in San Pablo bay, where the water is shallow. Since the opening of the same season many fishermen have done a profitable business in ducks taken in this way.

SETTLED THE BILL.

A Hotel Keeper That Preferred to Pay Intended Billed His Fare.

Suicides are never wanted by hotel proprietors. Each one costs a hotel a considerable amount of money for months the room in which it occurred is shunned. At one of the leading hotels of this city lately, says the Washington Star, a guest acted strangely, and the proprietor made up his mind that the man was going to do something. He sent for the manager and to the guest's room. There was no answer to his knock, and the door was locked. A look over the transom showed his guest writing a letter, a pistol at one side and a bottle of poison at the other.

"I am in or I'll break open the door," said the landlord.

The door was opened after a little hurried work disengaging the things on the table.

"I don't care any soliciting here," said the landlord, entering. "What's the matter with you, anyway?"

"Out of money, out of work and can't get out of town," suddenly said the guest.

"Well, how much cash will you take and agree to get out of town?" asked the landlord.

"I could get home for \$20," was the reply.

"Here's the money; now pack your gear and take the first train."

The man went. It was a good business transaction for the landlord.

PARENT'S EXPERIENCE.

The Bishop of Maryland Tells a Good Story at His Own Expense.

Bishop Purcell tells a good story, and his own expense, says the Baltimore American. As it happened he was on a visit to the South, and found himself seated in the immediate vicinity of a couple of men who were rather "under the weather," as the saying goes.

Presently, one of the men, with a forcible expulsive, remarked to the other that one had had a cold. His friend replied: "Oh, I guess not; you must have it about you somewhere."

But the other insisted that he hadn't, and that he had the bill when he came aboard the train. Some one had rubbed him, and he probably had a cold, but he could not account for it.

"I guess," said the Bishop Purcell, "that you are all right now."

"I am," said the man.
